Here is where you will start to set up your account. Have your monthly telecom statement available as you will need your account number and other information on your statement in order to establish an account.

Type in all of the Account Numbers, including all five zeros, from your statement into the box marked Service Account. In this example, you would type in 0000012345.

In the field marked Secret, enter the numbers 086 and then the last four digits of the telephone number listed on the Phone Number line. In this example, you would enter 0866789.

**All fields required**  
All the fields are required for site registration. No punctuation allowed.

You have no payment accounts setup. Use the links above to setup an account.

Whether you choose to do one-time payment only or a recurring payment, you *must* set up at least one payment account before you can make an online payment. Once you set up at least one payment option, you can change the option (choose CC for this month's payment instead of Checking Acct) without having to save the "alternate payment".

Payments can be set up five days in advance and cancelled up to the day that payment was set to be made. You will receive a confirmation e-mail of payments made.

**The payment process is through a third party provider. HMU does not have access to your account information, the account or any passwords you may use. HMU service representatives will not be able to help with account administration. You will need to retain copies of the information you use to set up your account if you need to change your account.**
