

Why choose HMU ?

FTTX offers customers flexibility for Internet speed and increased video programming capacity in the future.

In 1995, Harlan joined an elite handful of communities offering a state of the art 750 mhz hybrid fiber coax system. In 2013, we continued our commitment to the most current and robust system as we rolled out fiber to the premise (FTTX).

In 2016 and 2017, more customers received a dedicated fiber connection. FTTX customers have a strand of glass fiber from their premise to our head end ensuring individual distribution with high quality of service.

Someday, most systems will look like ours does today! FTTX is available in a limited areas but more sections of Harlan will be converted in the future.

- Standard 6 MB service
- Flexible and scalable speeds to customize use.
- 3MB increments for \$10 more per increment per month.
- Six full time member support staff

Cable TV

News. Weather. Sports. Entertainment. For your customers, your employees or yourself. HMU offers a variety of cable TV services from our low cost 33 channel Basic tier, to our traditional Expanded Basic tier encompassing the most popular cable channels to custom line up Bulk packages for large residential facilities.

Our Digital Basic tier features additional sports, children and family networks music and entertainment networks.

Our June of 2015 cable TV upgrade allowed us to deliver even more HD programming. We deliver over 80 HD channels at no additional cost and without requiring any additional tiers of service or add ons. HD programming is on the primary channel meaning when you tune to TNT, USA, ESPN, Fox News, CNN and many other channels, you're watching in HD...automatically! There's no cumbersome tuning to another channel to find the highest quality picture. With HMU Cable TV...HD is there!

Businesses often use the music channels included in your cable TV subscription as foreground or background music.

Cable TV is offered as a single service or save money by bundling it with Internet and telephone. 34 music channels, an interactive program guide, one DTA and Watch TV Everywhere are included.

BASIC CABLE TV
